ROUND-THE-WORLD EXPERIENCES

Interesting Viewpoints—Trades Taught in Philippine
Interesting View-points—Trades Taught in Philippine
Prisons—Lone Missionary to 700,000 People in One
Chinese City.

Col. Charles W. Gale gave a most interesting talk around the world, at the monthly meeting of the Men's club of Park Congregational church in the Osgood Memorial parlour house Friday evening. The attendance was large.

Colonel Gale opened his remarks by telling of the beginning of the trip and the journey across the Pacific to Honolulu, where they made a brief stay. From Honolulu they went to Yokohama, Japan, a journey of fourteen days.

They made a short stay in Yokohama, which is one of the brightest and busiest cities of Japan. The Japanese use fertilizers peculiar to their country, with the result that they have very beautiful gardens and farms. Leaving Yokohama, they went to Tokyo, where a reception was tendered all the first class passengers by the president of the line to which the steamship belonged.

Tokyo is about eighteen miles distant from Japan and the houses are packed so closely that it is very hard to tell where one city ends and where the other begins. Tokyo is in general a beautiful city, finely laid out, with wide streets.

In the Philippines.

After visiting other Japanese cities, all of which contained many interesting sights, the tourists visited Manila. While they were at Manila the temperature was very high, wavering between 90 and 100. Owing to the fact that the Philippines expect soon to get their independence, prices, including real estate, etc., have dropped considerably.

COLONIAL CLUB ELECTION

Elmer E. Pierson President—Past Year Shown to Have Been a Good One.

The Colonial club held its annual meeting Friday evening, preceded by an oyster chowder at 6:30 o'clock with an attendance of about 30.

The regular reports from the officers and various committees were heard, after which the following officers were elected to serve the coming year: President, Elmer E. Pierson; vice president, George Amburn; recording secretary, Frank Sterry; financial secretary, Carlos A. Ricker; treasurer, Frank D. Davis.

The past year, which was under the direction of John B. Oat, president, has been a flourishing one for the club, which has now a membership of 32. The treasurer's report showed a balance in the treasury. The oyster chowder was served under the direction of the entertainment committee, William J. Koon, Charles E. Lamb and John J. Slattery, who have given excellent service throughout the year.

30,000 Cubic Feet of Gas.

The new gas container at the city gas works on North Main street, capacity 50,000 cubic feet, has been partially filled during the past week and has in it now about 30,000 cubic feet. It is being gradually filled as there is a surplus from the retorts which can be sent into the big tank. The gas that is in it now has lifted the container about six or seven feet.

PRESS OF BUENOS AYRES EXPRESSES DISAPPROVAL

Declares Wilson Used Arrest of Matias as Pretext for Intervention.

Buenos Ayres, April 24.—The press of Buenos Ayres is unanimous in its expressions of disapproval of the attitude of the United States towards Mexico. La Nacion in an editorial today says:

"President Wilson tried to make Huerta resign and the revolutionists were counting on the sympathy of the White House. This would explain the conduct of Huerta in the Tampico affair. The quick action of the United States shows that they had intended to intervene. We are conscious of the fact that the incident springs from a state of affairs in which the integrity and independence of Mexico are at stake. The memory of this conflict will live in the history of the relations between the United States and Latin-America."
